PROFILE SUMMARY

Frontend Developer with 3 years of experience in building scalable and responsive web applications using **React.js, Next.js, and Tailwind CSS**. Experienced in collaborating with cross-functional teams to deliver clean, user-focused interfaces and reliable frontend solutions. Passionate about continuous learning and improving frontend performance and code quality.

SKILLS

- **Languages:** JavaScript, HTML, CSS
- **Libraries & Frameworks :** React.js , Next.js, Tailwind CSS ,Zustand ,Axios **,**Mapbox GL JS, jsPDF & jsPDF-AutoTable ,React Icons ,Ant Design ,Framer Motion ,Lucide React
- **Concepts :** Component-Based Architecture, State Management, Agile Methodologies
- **Version Control :** Git, Github, Branch-Based Workflow, Collaborative Development

WORK EXPERIENCE

Mcabee Digital **Kochi**

Software Development Engineer *Mar 2025 - Sep 2026*

- Developed and maintained scalable, production-grade web applications using React.js and Next.js, with a strong focus on performance, reusability, and clean UI architecture.
- Designed and implemented reusable, maintainable component systems using modern React patterns (functional components), reducing code duplication and improving development efficiency.
- Integrated and consumed RESTful APIs using Axios, handling authentication, pagination, error states, and complex async workflows.
- Implemented complex frontend business logic, including multi-step forms, validations, role-based access control, and dynamic UI rendering based on API-driven data.
- Leveraged advanced Next.js features such as App Router, server/client components, optimized data fetching, and SEO-friendly rendering strategies.
- Managed global and shared state using Zustand, ensuring predictable state updates, improved performance, and better user experience across large screens.
- Built responsive, mobile-first user interfaces using Tailwind CSS, ensuring cross-device compatibility and consistent design implementation from Figma.
- Collaborated closely with backend engineers using Swagger documentation to align on API contracts and ensure smooth frontend –backend communication.
- Actively participated in Agile development processes using Jira, including sprint planning, task breakdown, bug tracking, and delivery coordination in a remote environment.
- Followed Git-based workflows, reviewed pull requests, resolved merge conflicts, and contributed to maintaining high code quality standards.

Vconsol Innovations Pvt Ltd **Alappuzha**

Frontend Developer *Aug 2023 - Mar 2025*

- Worked collaboratively with designers, developers and clients in remote settings, ensuring seamless project execution and delivery of web applications.
- Develop scalable and responsive web applications using React.js, Next.js, and Tailwind CSS to enhance user experience and optimize performance.
- Collaborate with cross-functional teams to implement frontend solutions that align with project goals and user needs.

EDUCATION

APJ Abdul Kalam Technological University **Kerala**

Bachelor of Technology in Computer Science and Engineering *Graduation Date: Jun 2023*

CGPA: 6.5/10

VISA STATUS

Visit Visa **Dubai, UAE**

6th October 2026 - 5th December 2026

Passport No : Y6980249
